

## **DEODORANT LIQUID SQUEEZE PACK OR PUMP SPRAY (WITHOUT ANTIPERSPIRANT SALT)**

### **Jean & Len DEO Spray (Zerstäuber) Baumwolle**

*Please never pass on this group data sheet alone but always together with the corresponding general information and the attached list of Poison Control Centres.*

Last modified: 2020-08-24

### **Corresponding frame formulation (CPNP): 5.8-2013**

#### **1. Identification of the product**

Solvent-free mixture of deodorants and cosmetic oils, packed with propellants under pressure in aerosol packages. Colourless liquid which counteracts the smell of sweat on the listed body parts. An antimicrobial effect is guaranteed, which kills the bacterial flora in the listed areas. The product is free of antiperspirant salts such as aluminium trichloride.

#### **2. Hazards identification**

When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EC Cosmetics Regulation). The following information applies to inadvertent misuse or accidents as well as possible commercial uses.

Highly flammable. Extremely flammable aerosol. May cause serious eye irritation.

#### **3. Composition (maximum levels)**

Ethanol (ALCOHOL, ALCOHOL DENAT.) 95 %; Emollients, humectants (e.g. PROPYLENE GLYCOL, GLYCERIN) 25 %; Oils and waxes (e.g. vegetable and/or mineral, isoparaffin) 15 %; Silicones including volatile silicones (e.g. DIMETHICONE, CYCLOPENTASILOXANE) 15 %; Liquid PARAFFIN and isoparaffin (e.g. branched-chain isoparaffin (C11-C16), ISODODECANE, ISOHEXADECANE) 15 %; Additional ingredients (e.g. plant extracts) 5 %; Deodorants (e.g. ZINC RICINOLEATE) 4 %; PARFUM 3 %; Preservatives, antimicrobials 1 %; AQUA (water) to 100 %.

#### **4. First aid measures**

Measures in the event of

– Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult ophthalmologist as a precautionary measure.

– In advertent ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one glass of water. Where appropriate, consult appropriate Poison Control Centre or doctor. In the case of babies/infants always inform the Poison Control Centre or doctor as a precautionary measure.

– Discomfort on contact of the product with skin: immediately wash off with water and soap; skincare. If skin irritation persists, consult doctor.

– Intensive inhalation: remove person affected to fresh air; if discomfort persists, consult Poison Control Centre or doctor.

When consulting a doctor or a Poison Control Centre, always have packaging or label and possibly package insert available.

## **5. Fire fighting measures**

Suitable extinguishing agents: carbon dioxide, powder extinguishing agents or water in directed spray. Fight larger fires with alcohol-resistant foam or spray water.

## **6. Accidental release measures; disposal considerations**

In the event of spillage/leakage: mop up main volume with cloths; when larger amounts are involved, dispose of cloths and mopping up material by controlled disposal – risk of fire. Remove rest with plenty of water and common cleaning agent.

Packaging should be recycled after residual emptying. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

## **7. Handling and storage**

Must be used in accordance with manufacturer's instructions. Observe warnings on packaging: Danger. Extremely flammable aerosol.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on an open flame or other ignition source. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Keep out of reach of children.

Do not spray into eyes. Avoid contact with eyes or abraded skin. Avoid intensive inhalation. Do not spray on clothing.

Store in a cool and dry place (room temperature). Replace cap after use.

## **8. Other information**

Refer to conditions of use and any warnings on the product or packaging.

For consultation in the event of poisoning, the Poison Control Centres have additional details about the individual products. When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.

*For contact data of the Poison Control Centres in Germany, Austria and Switzerland, see Appendix.*
